

# St Mary the Virgin, Whickham: Policy for Data Protection

---

## 1. PURPOSE

This policy establishes an effective, accountable and transparent framework for attaining compliance with the requirements of the GDPR.

## 2. SCOPE

This policy applies to all **St Mary the Virgin, Whickham, PCC Officers, Trustees, Office employees** and third parties responsible for the processing of personal data. The content of this Policy also applies to the **Charity's Social Enterprise and trading partners**, Paper Solutions and Training Solutions.

## 3. POLICY STATEMENT

**St Mary the Virgin, Whickham** is committed to conducting its business in accordance with all applicable data protection laws and regulations and in line with the highest standards of ethical conduct. The Policy Statement is on display on the web site.

**St Mary the Virgin, Whickham** is fully committed to ensuring continued and effective implementation of this policy as data controller and expects all **PCC Officers, Trustees, Office employees** and third parties to share in this commitment. Any breach of this policy, and complaints related to this will be investigated thoroughly and we will make sure the relevant actions will be taken to minimise any breach of **GDPR**.

### 3.1. Governance

The PCC is responsible for the governance of this policy and recognises when personal data is shared this must be secured and protected at all time. If any complaints are made related to GDPR, actions will be taken and the PCC are committed to resolving these issues in a timely effective manner when required.

Similarly, any changes related to GDPR governed by UK EU regulations will be implemented into this policy at all times as and when required.

#### 3.1.1. Data Protection Officer

To demonstrate our commitment to data protection, and to enhance the effectiveness of our compliance efforts, **St Mary the Virgin, Whickham** has appointed a Data Protection Officer. The Data Protection Officer operates, and is supported by, the PCC and has been granted all necessary authority. The Data Protection Officer works with and reports to the **PCC at St Mary the Virgin, Whickham** made up of church members. The Data Protection Officer's duties include:

- Informing and advising **St Mary the Virgin, Whickham** and its employees who carry out processing pursuant to data protection regulations, national law or European Union based data protection provisions as required.
- Ensuring the alignment of this policy with data protection regulations, national law or European Union based data protection provisions;
- Providing guidance with regards to carrying out Data Protection Impact Assessments (DPIAs);
- Acting as a point of contact for and cooperating with Data Protection Authorities (DPAs);
- Determining the need for notifications to one or more DPAs because of **St Mary the Virgin, Whickham** current or intended personal data processing activities;
- Making and keeping current notifications to one or more DPAs because of **St Mary the Virgin Whickham** current or intended personal data processing activities;
- The establishment and operation of a system providing prompt and appropriate responses to data subject requests through the Data Protection Officer.
- Informing PCC members and Trustees of **St Mary the Virgin, Whickham** of any potential corporate, civil and criminal penalties which may be levied against **the Parish Office/Church** and/or its employees for violation of applicable data protection laws.

Ensuring establishment of procedures and standard contractual provisions for obtaining compliance with this Policy by any third party who:

- provides personal data to **St Mary the Virgin, Whickham** service/entity.
- receives personal data from a **Parish Office/Church** service/entity.
- has access to personal data collected or processed by **St Mary the Virgin, Whickham**.

### 3.1.2. Data Protection by Design

To ensure that all data protection requirements are identified and addressed when designing new systems or processes or services and/or when reviewing or expanding existing systems or processes or services, each of them must go through an approval process before continuing. Each **Parish Office/Church** service/entity must ensure that a Data Protection Impact Assessment (DPIA) is conducted, in cooperation with the Data Protection Officer, for all new and/or revised systems or processes for which it has responsibility. The subsequent findings of the DPIA must then be submitted to the PCC for review and approval. Where applicable, the any Information Technology (IT) contractors, as part of **St Mary the Virgin, Whickham's** IT system and application design review process, will cooperate with the Data Protection Officer to assess the impact of any new technology uses on the security of personal data.

### 3.1.3. Compliance Monitoring

To confirm that an adequate level of compliance that is being achieved by all **St Mary the Virgin, Whickham** services/entities in relation to this policy, the Data Protection Officer will carry out an annual data protection compliance audit for all such **Parish Office/Church** services/entities. Each audit will, as a minimum, assess:

- Compliance with policy in relation to the protection of personal data, including:

- The assignment of responsibilities.
  - ✓ Raising awareness.
  - ✓ Training of employees.
- The effectiveness of data protection related operational practices, including:
  - ✓ Observing the rights of data subjects given that consent has been received.
  - ✓ Personal data transfers.
  - ✓ Personal data incident management and data complaints handling.
  - ✓ The level of understanding of data protection policies and privacy notices.
  - ✓ The current data protection policies and privacy notices are up to date.
  - ✓ The accuracy of personal data being stored.
  - ✓ The conformity of data processor activities.
  - ✓ The adequacy of procedures for redressing poor compliance and personal data breaches.

## 3.2. Data Protection Principles

**St Mary the Virgin, Whickham** has adopted the following principles to govern its collection, use, retention, transfer, disclosure and destruction of personal data:

**Principle 1: Lawfulness, Fairness and Transparency.** Personal data shall be processed lawfully, fairly and in a transparent manner in relation to the data subject. This means, **St Mary the Virgin, Whickham** must tell the data subject what processing will occur (transparency), the processing must match the description given to the data subject (fairness), and it must be for one of the purposes specified in the applicable data protection regulation (lawfulness).

**Principle 2: Purpose Limitation.** It shall be collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes. This means **the Parish Office/Church** must specify exactly what the personal data collected will be used for and limit the processing of that personal data to only what is necessary to meet the specified purpose.

**Principle 3: Data Minimisation.** It shall be adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed. This means **the Parish Office/Church** must not store any personal data beyond what is strictly required.

**Principle 4: Accuracy.** It shall be accurate and, kept up to date. This means **the Parish Office/Church** must have in place processes for identifying and addressing out-of-date, incorrect and redundant personal data.

**Principle 5: Storage Limitation.** It shall be kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data is processed. This means **the Parish Office/Church** must, wherever possible, store personal data in a way that limits or prevents identification of the data subject.

**Principle 6: Integrity & Confidentiality.** It shall be processed in a manner that ensures appropriate security of the personal data, including protection against unauthorised or unlawful processing, and against accidental loss, destruction or damage **the Parish**

**Office/Church** must use appropriate technical and organisational measures to ensure the integrity and confidentiality of personal data is maintained at all times. All office computers must be password protected.

**Principle 7: Accountability.** The Data Controller shall be responsible for, and be able to demonstrate compliance. This means **the Parish Office/Church** must demonstrate that the six data protection principles (outlined above) are met for all personal data for which it is responsible.

### 3.3. Data Collection

#### 3.3.1. Data Sources

Personal data should be collected only from the data subject unless one of the following apply:

- The nature of the business purpose necessitates collection of the personal data from other persons or bodies. **(E.g: Ministry, Planned Giving, Magazine Subscribers, Electoral Roll and Outreach).**
- The collection must be carried out under emergency circumstances in order to protect the vital interests of the data subject or to prevent serious loss or injury to another person. **(E.g. Safeguarding and Health & Safety).**

If personal data is collected from someone other than the data subject, the data subject must be informed of the collection unless one of the following apply:

- The data subject has received the required information by other means.
- The information must remain confidential due to safeguarding issues.
- A national law expressly provides for the collection, processing or transfer of the personal data.

Where it has been determined that notification to a data subject is required, notification should occur promptly, but in no case later than:

- One calendar month from the first collection or recording of the personal data
- At the time of first communication if used for communication with the data subject
- At the time of disclosure if disclosed to another recipient.

#### 3.3.2. Data subject consent

Each **Parish Office/Church** service/entity will obtain personal data only by lawful and fair means and, where appropriate, with the knowledge and consent of the individual concerned. Where a need exists to request and receive the consent of an individual prior to the collection, use or disclosure of their personal data, **St Mary the Virgin, Whickham** is committed to seeking such consent. The Data Protection Officer, in cooperation with other relevant representatives, will develop a system for obtaining and documenting data subject consent for the collection, processing, and/or transfer of their personal data.

#### 3.3.3. Data subject Notification

Each **Parish Office/Church** service/entity will, when required by applicable law or contract, or where it considers that it is reasonably appropriate to do so, provide data subjects with information as to the purpose of the processing of their personal data. When the data subject

is asked to give consent to the processing of personal data and when any personal data is collected from the data subject, all appropriate disclosures will be made, in a manner that draws attention to them, unless one of the following apply:

- The data subject already has the information;
- A legal exemption applies to the requirements for disclosure and/or consent. The disclosures may be given orally, electronically or in writing. If given orally, the person making the disclosures should use a suitable script or form approved in advance by the Data Protection Officer. The associated receipt or form should be retained, along with a record of the facts, date, content, and method of disclosure.

### 3.3.4. External Privacy Notices

Each external website provided by **St Mary the Virgin, Whickham** includes an online '**Privacy Notice**' which explains personal data, who we are, how we process personal data, the legal basis, sharing data, how long data is kept, rights of data subjects, further processing, contact details and an online '**Cookie Notice**' fulfilling the requirements of applicable law.

## 3.4. Data Use

### 3.4.1. Data processing

**St Mary the Virgin, Whickham** uses the personal data of its contacts for the following broad purposes:

- The general running and business administration of **the Parish Office/Church** services/entities.
- To provide services to **St Mary the Virgin, Whickham's** membership.
- The ongoing administration and management of services operations.

The use of a contact's information should always be considered from their perspective and whether the use will be within their expectations or if they are likely to object. For example, it would clearly be within a contact's expectations that their details will be used by **St Mary the Virgin, Whickham** to respond to a contact request for information about the products and services on offer. However, it will not be within their reasonable expectations that **the Parish Office/Church** would then provide their details to third parties for marketing purposes and **St Mary the Virgin, Whickham** will not send any information to a third party except those necessitated by law or convention (EG: PCC Officers to the Diocese)

The Parish will process personal data in accordance with all applicable laws and applicable contractual obligations. More specifically, **the Parish Office/Church** will not process personal data unless at least one of the following requirements are met:

- The data subject has given **consent** to the processing of their personal data for one or more specific purposes.
- Processing is necessary for the performance of a **contract** to which the data subject is party or in order to take steps at the request of the data subject prior to entering into a contract.
- Processing is necessary for compliance with a **legal obligation** to which the Data Controller is subject.

- Processing is necessary in order to protect the **vital interests** of the data subject or of another natural person.
- Processing is necessary for the performance of a task carried out in the **public interest** or in the exercise of official authority vested in the Data Controller.
- Processing is necessary for the purposes of the **legitimate interests** pursued by the Data Controller/Processor or by a third party (except where such interests are overridden by the interests or fundamental rights and freedoms of the data subject, in particular where the data subject is a child).

There are some circumstances in which personal data may be further processed for purposes that go beyond the original purpose for which the personal data was collected. When making a determination as to the compatibility of the new reason for processing, guidance and approval must be obtained from the Data Protection Officer before any such processing may commence.

- In any circumstance where consent has not been gained for the specific processing in question, **the Parish Office/Church** will address the following additional conditions to determine the fairness and transparency of any processing beyond the original purpose for which the personal data was collected: Any link between the purpose for which the personal data was collected and the reasons for intended further processing.
- The context in which the personal data has been collected, in particular regarding the relationship between data subject and the Data Controller.
- The nature of the personal data, in particular whether special categories of data are being processed, or whether personal data related to criminal convictions and offences are being processed.
- The possible consequences of the intended further processing for the data subject.
- The existence of appropriate safeguards pertaining to further processing, which may include encryption, anonymization or pseudonymisation.

### 3.4.2. Special Categories of Data

**St Mary the Virgin, Whickham** will only process special categories of data (also known as sensitive data) where the data subject **expressly consents** to such processing or where one of the following conditions apply:

- The processing relates to personal data which has already been made public by the data subject.
- The processing is necessary for the establishment, exercise or defence of legal claims.
- The processing is specifically authorised or required by law.
- The processing is necessary to protect the **vital interests** of the data subject or of another natural person where the data subject is physically or legally incapable of giving consent.
- Further conditions, including limitations, based upon national law related to the processing of genetic data, biometric data or data concerning health.

In any situation where, special categories of data are to be processed, prior approval must be obtained from the Data Protection Officer, and the basis for the processing clearly recorded with the personal data in question. Where special categories of data are being processed, **St Mary the Virgin, Whickham** will adopt additional protection measures.

### 3.4.3. Children's Data

Children under the age of 14 are unable to consent to the processing of personal data for information society services (any service normally provided for payment, by electronic means and at the individual request of a recipient of services). Consent must be sought from the person who holds parental responsibility over the child. However, it should be noted that where processing is lawful under other grounds, consent need not be obtained from the child or the holder of parental responsibility.

### 3.4.4. Data Quality

Each **Parish Office/Church** service/entity will adopt all necessary measures to ensure that the personal data it collects, and processes is complete and accurate in the first instance, and is updated to reflect the current situation of the data subject. The measures adopted by **St Mary the Virgin, Whickham** to ensure data quality include

- Correcting personal data known to be incorrect, inaccurate, incomplete, ambiguous, misleading or outdated, even if the data subject does not request rectification.
- Keeping personal data only for the period necessary to satisfy the permitted uses or applicable statutory retention period.
- The removal of personal data if in violation of any of the data protection principles or if the personal data is no longer required.
- Restriction, rather than deletion of personal data, insofar as:
  - ✓ a law prohibits erasure.
  - ✓ erasure would impair legitimate interests of the data subject.
  - ✓ the data subject disputes that their personal data is correct and it cannot be clearly ascertained whether their information is correct or incorrect.

### 3.4.5. Profiling & Automated Decision Making

**St Mary the Virgin, Whickham** will only engage in profiling and automated decision-making where it is necessary to enter into, or to perform, a contract with the data subject or where it is authorised by law. Where a **Parish Office/Church** service/entity utilises profiling and automated decision-making, this will be disclosed to the relevant data subjects. In such cases the data subject will be given the opportunity to:

- Express their point of view.
- Obtain an explanation for the automated decision.
- Review the logic used by the automated system.
- Supplement the automated system with additional data.
- Have a human carry out a review of the automated decision.
- Contest the automated decision.

Object to the automated decision-making being carried out. Each **Parish Office/Church** service/entity must also ensure that all profiling and automated decision-making relating to a data subject is based on accurate data.

### 3.4.6. Digital Marketing

As a rule, **St Mary the Virgin, Whickham** will not send promotional or direct marketing material to a parish church contact through digital channels such as mobile phones, email and the Internet, without first obtaining their consent. Any **Parish Office/Church** service/entity wishing to carry out a digital marketing campaign without obtaining prior Consent from the data subject must first have it approved by the Data Protection Officer. Where **personal data** (e.g. case studies or photographs on the website) processing is approved for digital marketing purposes, the data subject must be informed at the point of first contact that they have the right to object, at any stage, to having their data processed for such purposes. If the data subject puts forward an objection at any time digital marketing related processing of their personal data must cease immediately and, if necessary, their details should be kept on **a suppression list** with a record of their opt-out decision, rather than being completely deleted. It should be noted that where digital marketing is carried out in a 'business to business' context, there is no legal requirement to obtain an indication of Consent to carry out digital marketing to individuals provided that they are given the opportunity to opt-out

### 3.5. Data Retention

To ensure fair processing, personal data will not be retained by **St Mary the Virgin, Whickham** for longer than necessary in relation to the purposes for which it was originally collected, or for which it was further processed. The length of time for which **Parish Office/Church** services/entities need to retain personal data will be according to the type of Data kept. This considers the legal and contractual requirements, both minimum and maximum, that influence the retention periods set forth in the schedule. All personal data should be deleted or destroyed as soon as possible where it has been confirmed that there is no longer a need to retain it.

### 3.6. Data Protection

Each **Parish Office/church** service/entity will adopt physical, technical, and organisational measures to ensure the security of personal data. This includes the prevention of loss or damage, unauthorised alteration, access or processing, and other risks to which it may be exposed by virtue of human action or the physical or natural environment. A summary of the personal data related security measures is provided below:

- Prevent unauthorised persons from gaining access to data processing systems in which personal data are processed.
- Prevent persons entitled to use a data processing system from accessing personal data beyond their needs and authorisations.
- Ensure all personal data stored on computers is password protected.
- Ensure that personal data in the course of electronic transmission during transport cannot be read, copied, modified or removed without authorisation.
- Any sensitive documents sent by email should be "read only" and in PDF format.
- Ensure that access logs are in place to establish whether, and by whom, the personal data was entered into, modified on or removed from a data processing system.
- Ensure that in the case where processing is carried out by a Data Processor, the data can be processed only in accordance with the instructions of the Data Controller.
- Ensure that personal data is protected against undesired destruction or loss.

- Ensure that personal data collected for different purposes can and is processed separately.
- Ensure that personal data is not kept longer than necessary

### 3.7. Data subject Requests

The Data Protection Officer will establish a system to enable and facilitate the exercise of data subject rights related to:

- Information access.
- Objection to processing.
- Objection to automated decision-making and profiling.
- Restriction of processing.
- Data portability.
- Data rectification.
- Data erasure.

If an individual makes a request relating to any of the rights listed above, **St Mary the Virgin, Whickham** will consider each such request in accordance with all applicable data protection laws and regulations. No administration fee will be charged for considering and/or complying with such a request unless the request is deemed to be unnecessary or excessive in nature. Data subjects are entitled to obtain, based upon a request made in writing/email to **Mrs Christine Graham, St Mary's Centre, Church Chare, Whickham, Newcastle upon Tyne, NE16 4SH** or **stmaryswhickham@hotmail.co.uk**

It should be noted that situations may arise where providing the information requested by a data subject would disclose personal data about another individual. In such cases, information must be redacted or withheld as may be necessary or appropriate to protect that person's rights. A data subject requiring details of information held about them will need to contact St Mary the Virgin's Data Protection Officer.

### 3.8. Law Enforcement Requests & Disclosures

In certain circumstances, it is permitted that personal data be shared without the knowledge or consent of a data subject. This is the case where the disclosure of the personal data is necessary for any of the following purposes:

- The prevention or detection of crime.
- The apprehension or prosecution of offenders.
- The assessment or collection of a tax or duty.
- By the order of a court or by any rule of law.

If a **Parish Office/Church** service/entity processes personal data for one of these purposes, then it may apply an exception to the processing rules outlined in this policy but only to the extent that not doing so would be likely to prejudice the case in question. If any **Parish Office/Church** service/entity receives a request from a court or any regulatory or law enforcement authority for information relating to an **St Mary the Virgin, Whickham** contact, you must immediately notify the Data Protection Officer who will provide comprehensive guidance and assistance.

### 3.9. Data Protection Training

All **St Mary the Virgin, Whickham** employees and officers that have access to personal data will have their responsibilities under this policy outlined to them as part of their staff induction training. In addition, each **Parish Office/Church** service/entity will receive regular Data Protection training and procedural guidance.

### 3.10. Data Transfers

**St Mary the Virgin, Whickham** services/entities may transfer personal data to internal or third-party recipients located in another country where that country is recognised as having an adequate level of legal protection for the rights and freedoms of the relevant data subjects. Where transfers need to be made to countries lacking an adequate level of legal protection (i.e. third world countries), they must be made in compliance with an approved transfer mechanism. **Parish Office/Church** services/entities may only transfer personal data where one of the transfer scenarios listed below applies:

- The data subject has given consent to the proposed transfer.
- The transfer is necessary for the performance of a contract with the data subject.
- The transfer is necessary for the implementation of pre-contractual measures taken in response to the data subject's request.
- The transfer is necessary for the conclusion or performance of a contract concluded with a third party in the interest of the data subject.
- The transfer is legally required on important public interest grounds.
- The transfer is necessary for the establishment, exercise or defence of legal claims.
- The transfer is necessary in order to protect the vital interests of the data subject

When any data information is transferred to a memory stick it must always be password protected and sent separately from the stick.

### 3.11. Complaints handling

Data subjects with a complaint about the processing of their personal data, should put forward the matter in writing to the Data Protection Officer. An investigation of the complaint will be carried out to the extent that is appropriate based on the merits of the specific case. The Data Protection Officer will inform the data subject of the progress and the outcome of the complaint within a reasonable twenty eight days. If the issue cannot be resolved through consultation between the data subject and the Data Protection Officer, then the data subject may, at their option, seek redress through mediation, binding arbitration, litigation, or via complaint to the Data Protection Authority within the applicable jurisdiction.

### 3.12. Breach Reporting

Any individual who suspects that a personal data breach has occurred due to the theft or exposure of personal data must immediately notify the Data Protection Officer providing a description of what occurred. Notification of the incident can be made via e-mail, by calling, or by using the independent ICO Data Concern line on: 0303 123 1113. The Data Protection Officer will investigate all reported incidents to confirm whether or not a personal data breach has occurred. If a personal data breach is confirmed, the Data Protection Officer will follow the relevant **St Mary the Virgin, Whickham Data Breach Notification Policy and Procedure** based on the criticality and quantity of the personal data involved. Where there

is a severe data breach of personal information then **St Mary the Virgin, Whickham's** GDPR Group will co-ordinate and manage the personal data breach response.

## 4. ROLES AND RESPONSIBILITIES

### 4.1 Implementation

The **PCC of St Mary the Virgin, Whickham** must ensure that all **Parish Office/Church** employees who are responsible for the processing of any personal data are made aware the contents of this policy and they must comply. In addition, each **St Mary the Virgin, Whickham's** service/entity will make sure all third parties engaged to process personal data on their behalf (i.e. their data controllers and processors) are aware of and comply with the contents of this policy. Assurance of such compliance must be obtained from all third parties, granting them access to personal data, controlled by **St Mary the Virgin, Whickham**.

### 4.2 Support, Advice and Communication

For advice and support in relation to this policy, please contact Mrs Christine Graham at [stmaryswhickham@hotmail.co.uk](mailto:stmaryswhickham@hotmail.co.uk)

## 5. REVIEW

This policy will be reviewed by the Data Protection Officer/PCC every **three years**, unless there are any changes to regulations or legislation that would enable a review earlier.

## 6. RECORDS MANAGEMENT

Staff must maintain all records relevant to administering this policy and procedure in electronic form in a recognised **St Mary the Virgin, Whickham** recordkeeping system.

All records relevant to administering this policy and procedure will be maintained for a period of **five years**.

## TERMS AND DEFINITIONS

**General Data Protection Regulation (GDPR)**: The General Data Protection Regulation (GDPR) (Regulation (EU) 2016/679) is a regulation by which the European Parliament, the Council of the European Union and the European Commission intend to strengthen and unify data protection for all individuals within the European Union (EU). It also addresses the export of personal data outside the EU.
